WEEKLY UPDATE

December 10, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 73 residents and 40 staff members test positive for COVID-19. Our Covid Unit is still active with 10 residents. We continue to test weekly all residents and staff bi-weekly, which is based on our county positivity rate. It seems as though the outbreak in our building has begun to take a slower pace, of which we are grateful and blessed that prayers are being answered. This past week we have had no new cases noted for employees or residents.

We continue to provide therapy and activities to those that are on the unit as well as the residents who are in their regular rooms. This time of year has been especially hard for all residents along with staff who continue to provide care to your loved ones.

We would like to set up donations for our residents for this Christmas holiday. If you or a local business would like to donate items for our residents, please contact our Activities Director Adam Greene at 864.381.6409.\

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,

Jennifer Steele

WEEKLY UPDATE

December 18, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 74 residents and 40 staff members test positive for COVID-19. Our Covid Unit is still active with 12 residents. We continue to test weekly all residents and staff bi-weekly, which is based on our county positivity rate.

We are currently receiving information in regards to the COVID-19 vaccine. Our clinical team is in the process of reaching out to family members for consent or declination of the vaccine. Walgreens Pharmacy will be providing the vaccine at our building however, we are unsure of the date at this time. If you should have any questions regarding the vaccine, please refer to the CDC website.

We are still taking donations for our residents and encourage you to send gifts to your loved ones, especially during these times with no visitation.

If you would like to donate, please contact our Activities Director Adam Greene at 864.381.6409.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at Physical Rehab and Wellness Center.

Sincerely,

Jennifer Steele

Christmas Holiday Update

Dear Residents/Families/Friends,

With Christmas and New Year's Eve around the corner, we would like to send you and your loved ones the warmest of holiday wishes. We know how difficult it is to celebrate this time of year without the same traditions we have all grown accustomed to, but with the COVID-19 vaccine becoming a reality in the very near future, we are more hopeful than ever that 2021 will bring happier and safer times for everyone.

As always, we are extremely grateful that you have entrusted your loved ones to our care and we are making every effort to provide our residents with wonderful holidays. The staff have come together to provide a small gift for our residents as well a nice dinner for Christmas day.

With the high positivity rate in Spartanburg County, we are still only allowing window visits. Please contact our Activity Dept to schedule visitation.

As a reminder, our cumulative number of cases to date are as follows: 76 residents and 40 staff members have tested positive for COVID-19. Our regular weekly updates will resume next week and we will continue to update you on our website if we receive notifications of new confirmed cases of COVID-19. As always, if you have any questions or concerns please don't hesitate to contact us directly.

On behalf of the entire staff at Physical Rehab and Wellness Center, we wish you a happy and safe Christmas.

Sincerely,

Jennifer Steele

WEEKLY UPDATE

December 29, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 77 residents and 40 staff members test positive for COVID-19. We continue to test weekly all residents and staff bi-weekly, which is based on our county positivity rate

We are currently receiving information in regards to the COVID-19 vaccine. Walgreens Pharmacy will be at our facility January 8, 2021 to administer the vaccine to both staff and residents. If you should have any questions regarding the vaccine, please refer to the CDC website.

We are hopeful that this new year will bring both health and normalcy back to our lives.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. WEEKLY UPDATE

December 4, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had a total of 73 residents and 40 staff members test positive for COVID-19. Our Covid Unit is still active with 29 residents. We continue to test weekly all residents and staff bi-weekly, which is based on our county positivity rate of 11.5%. It is our hope and prayer that all residents recover and the virus outbreak subsides.

We continue to provide therapy and activities to those that are on the unit as well as the residents who are in their regular rooms. This time of year has been especially hard for all residents along with staff who continue to provide care to your loved ones, but we are committed to making the best out of this tough situation.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering.
